VI. Licensing Declaration:

Patent Holder is the owner of the Patents relating to the Standard.

Right to Use:

If this Standard is adopted by IETF and any claims of any patents owned by the Patent Holder are necessary for practicing the Standard, the Patent Holder will offer a party a limited, non-exclusive, world-wide, non-transferable right to use any such patent claims under reasonable, non-discriminatory terms to implement and fully comply with the Standard, subject to rights of reciprocity and suspension or termination for assertion against a third party.

## Right to Sell:

If this Standard is adopted by IETF and any claims of any patents owned by the Patent Holder are necessary for practicing the Standard, the Patent Holder will offer a party a limited, non-exclusive, world-wide, non-transferable right, subject to the notice requirement below, to sell a product or service embodying any such patent claims under reasonable, non-discriminatory terms to implement and fully comply with the Standard ("Seller") to a buyer who accepts and agrees to comply with the reasonable, non-discriminatory terms, subject to rights of reciprocity and suspension or termination for assertion against a third party. The Seller shall provide a buyer with the following written notice:

The use of this product or service is subject to the reasonable, non-discriminatory terms in the Intellectual Property Rights (IPR) Disclosure of Research In Motion Limited at the IETF for "*Spam reporting using IMAP*" - draft-ordogh-spam-reporting-using-imap-kleanned-00.

Such written notice may be included in written documentation accompanying tangible hardware or software products or embodied in viewable documentation accompanying electronically distributed products or processes.
